

How can you kill what you cannot see?

Lincoln, UK – March 22, 2005 – The Hidden Development Team is announcing not only it's existence but also the nearing release of it's first Public Game Play Taster for the Half Life 2 modification – The Hidden : Source.

Throwing the player into a world of fear and suspicion The Hidden provides an unparalleled game play experience. As either Subject 617 (aka The Hidden) or a member of the elite I.R.I.S . (Infinitum Research Intercept Squad) the players' must battle for survival against all the odds.

Game play footage and screen shots are available at the given website address.
